

Nash19 is restaurant of the month

CORK restaurant, Nash 19, has been named as the December 'Just Ask Restaurant of the Month' award in association with Bord Bia and the Georgina Campbell Ireland Guide. 'Just Ask' is a Bord Bia campaign that aims to encourage consumers to look for information on where their food is coming from when eating out and encourages chefs to provide this information on their menus.

Speaking about Nash 19, Georgina Campbell said: "Simple food cooked honestly is their mantra and the day starts early with a procession of deliveries from local producers and suppliers and the baker's already busy making the fresh breads, scones and pastries that will be needed for the day.

"The lunch menu changes every day, depending on the availability of fresh seasonal produce, many dishes are celiac friendly and this is highlighted on a blackboard, as is a small but carefully chosen wine selection that changes monthly."

Claire Nash said: "We are thrilled that our efforts are recognised by this award particularly during such a difficult trading period and would like to thank each and every one of our fantastic suppliers who provide us with such delicious produce on a daily basis."
